- (2) Each of the above listed entities is non-dominant and does not provide, directly or indirectly, any local exchange service in the geographic area covered by the Application.
- (3) The statement responding to question (12) on page 15 of the Application is replaced with the following:

The proposed assignment will allow Baja to provide additional services to customers in US Cable's service area and to increase the efficiency with which Baja provides service to its existing customers. Baja's long experience in providing competitive telecommunications services to residential and business customers will allow it to provide high quality service to consumers and businesses in the affected area. Moreover, because there is no overlap between Baja's current service area and US Cable's service area, competition will not be adversely affected by consummation of the proposed transaction.

Should there be any questions regarding the foregoing supplementary information, or with the Application itself, please contact the undersigned.

Respectfully submitted,

Baja Broadband, LLC
